JOHN BURNS
Chief of Police

To our Woodcliff Lake Community,

My name is Detective Sergeant Chad Malloy of the Woodcliff Lake Police Department. We are reaching out to everyone in our community who has a loved one with any type of special needs, whether it is a medical, physical or mental.

We are creating a program, which will let you apprise us of conditions or issues your loved ones may have. We feel this will help us in the future to assess and react accordingly to any type of situation, whether it is an emergency or non-emergency situation.

We want this to be a personal connection and more than just a database. We want to come and meet with you and/or your loved one so we can come to know individuals on a personal level. Knowing personalities, interests and preferences will give us insight on how to interact or help accordingly. Meeting individuals, in their everyday environment, will help us to help them in a situation in which they might find themselves under emotional, mental or physical stress. We want to know what we can do to make their interaction with us as stress free as possible.

If it is a medical issue, we would like to know any information that will give us a better understanding of the condition or symptoms so, if we respond to your home in an emergency situation, we will be alerted to any unusual or atypical behavior, issues or reactions.

Once the initial process is accomplished, we hope to be allowed to let other officers come and visit so they too can get to know you and/or your loved one.

The Woodcliff Lake Police Department wants to be part of our community and hopefully with this program we can make any future situations calm and stress free.

We hope that this will be a positive outreach program to help all of those residents who need extra attention and support,

We thank you for giving this program your consideration and look forward to hearing from you.
